
Student and university employee's mobility

In the long term, the department cooperates with these universities within the Erasmus programme. In years 2012-2014 the university jointly organised 2-week long intensive programmes focused on the human resources management in social and health organisations. Each year, 10 students from each country had a chance to participate in the programme. The first meeting took place in Finnish city of Lahti in May 2012, the second one was organised by the employees in Portuguese Évora. In May 2014 the programme took place in Prague. Details on the meeting in Prague can be found [here](#).

Preparation of international programme

Starting in October 2013, the employees of the department have cooperated in the implementation of the CareMan project <http://www.lamk.fi/english/news/Sivut/Erasmus-LLP-project-%E2%80%9CCareMan%E2%80%9D-internationalizes--Social-and-Health-Care-Leadership-and-Management-Education.aspx>), the purpose of which is to propose and primarily evaluate the possibility of establishing the Joint Master Degree programme in the field of management of social and health organisations. Following universities take part in the implementation of the project:
