
General information

The faculty accepts new applications for its 2-year postgraduate master programme “Management and supervision in social and health organisation” as a full-time and part-time studies every years till 28th February. The programme is available within the study programme "Social politics and social work" no. N6731. The application is submitted in an electronic form via the Faculty and it is required to choose a language (German or English) and a specialisation, which the applicants choose (management or supervision). The supervision specialisation requires meeting European criteria ANSE (more here). The application process is carried out in both written and oral form in one day during announced terms in June.
